

### Payment Plan Stirs Interest

Fairview Estates homes are creating wide spread interest, which is directly attributable to their unique offer of a quality home in the Palos Verdes area for a down payment of \$2500 to the non-veteran, said Sol Rosenberg of the Surety Development company.

The 98 home community, surrounding a new elementary

school in construction at present, offers three and four bedroom homes especially designed by architect Howard R. Lane, featuring the new designs for modern and functional gracious living. The models are now on display in the tract which adjoins the fashionable Miraleste section of the Palos Verdes Hills.
